USING TT ROCKSTARS

- If it is your first time on TT Rockstars, you'll be asked to choose a Rock Name.
- Select one from the list (you can change this at any time in the game)

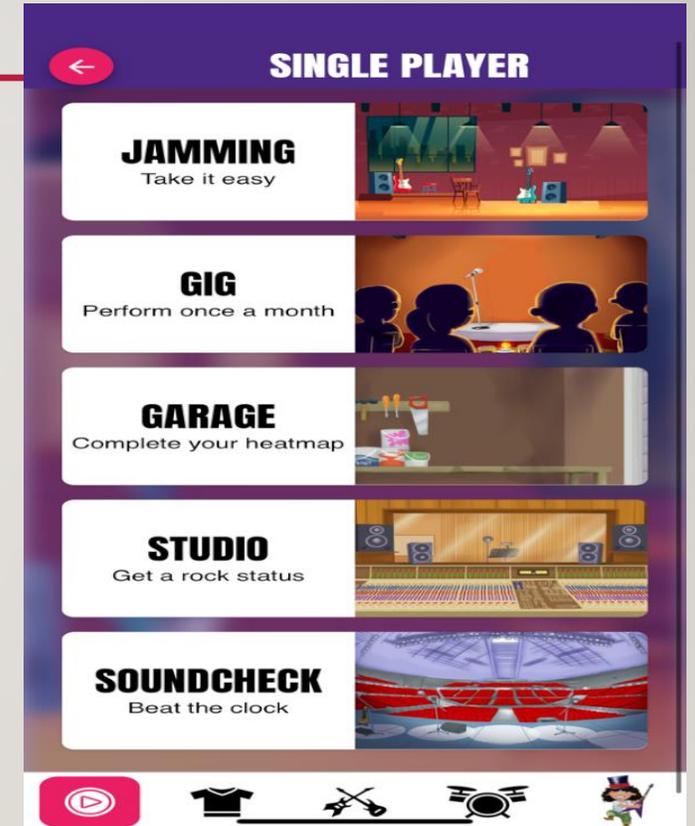

USING TT ROCKSTARS

- Now you're ready to ROCK!!!
- Select single player

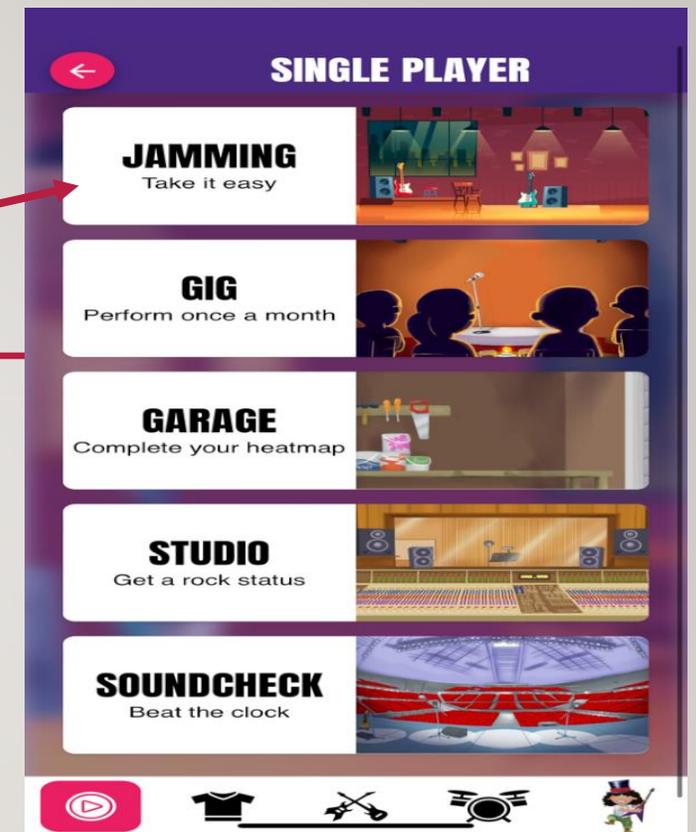

USING TT ROCKSTARS

- There are 5 different games which you can play.
- Jamming and Garage focus on times tables which have been set for your child
- Gig, Studio and Soundcheck are based on all times tables.

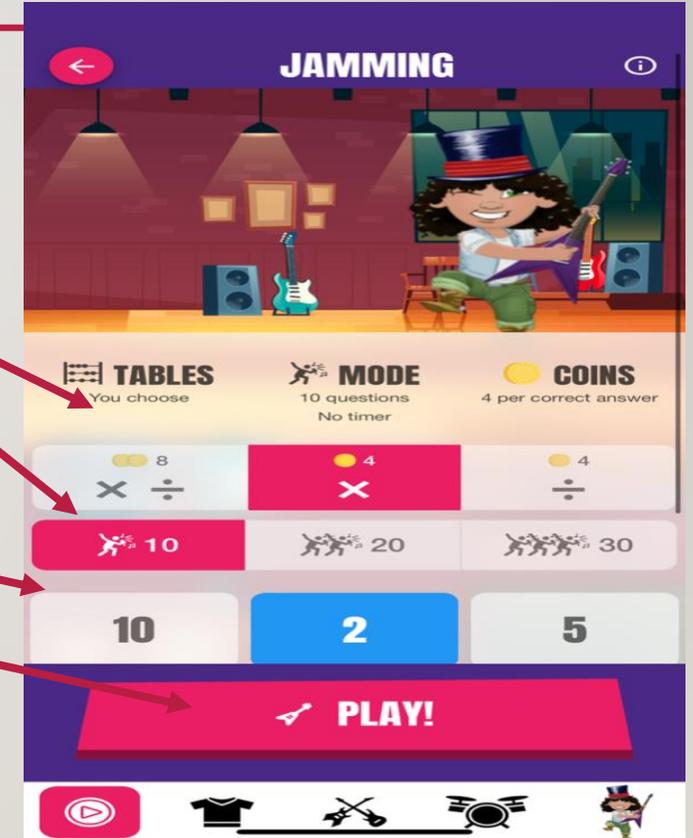

JAMMING

- Select Jamming

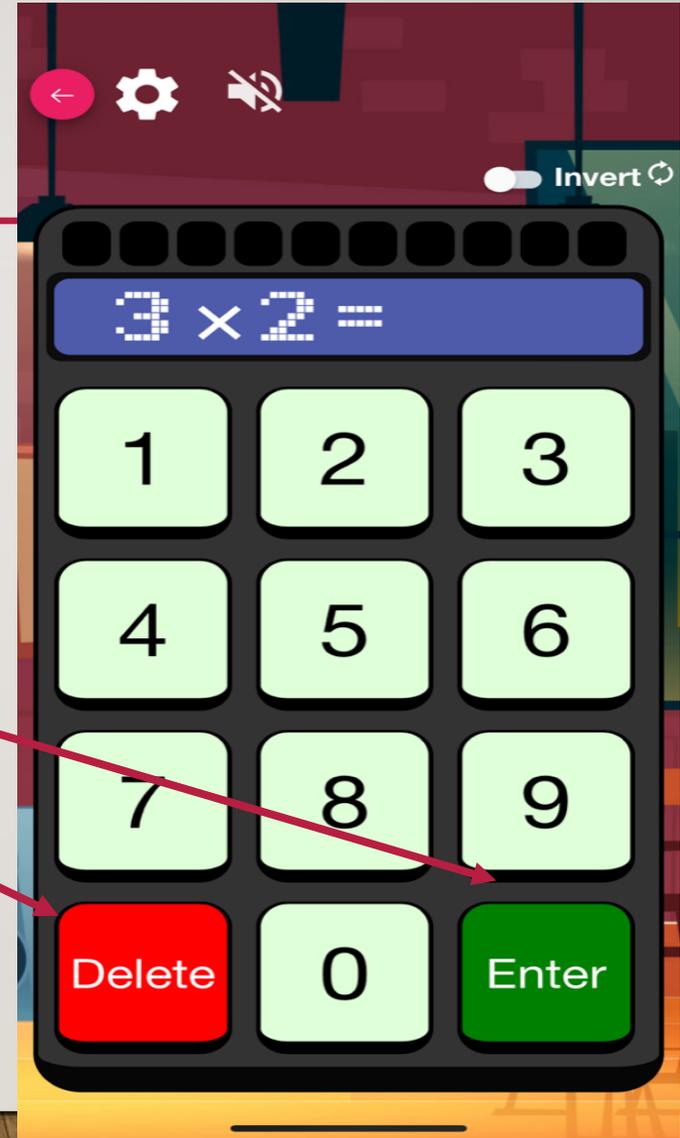

JAMMING

- You can choose whether you want to practise multiplication, division or multiplication and division questions
- You can select how many questions you want to answer
- You can select which times tables you want to practise (you can choose more than one times table)
- Once you've made your selections, press "play"
- There is no time limit for this

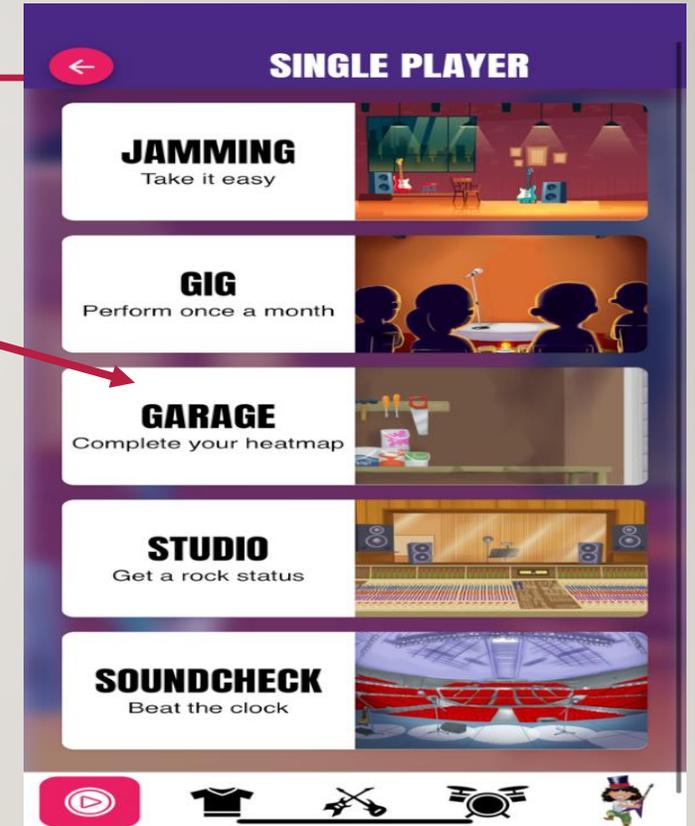

JAMMING

- You'll come to this screen
- Read the question, press the numbers for the answer
- Press enter to submit
- If you make a mistake press "delete"

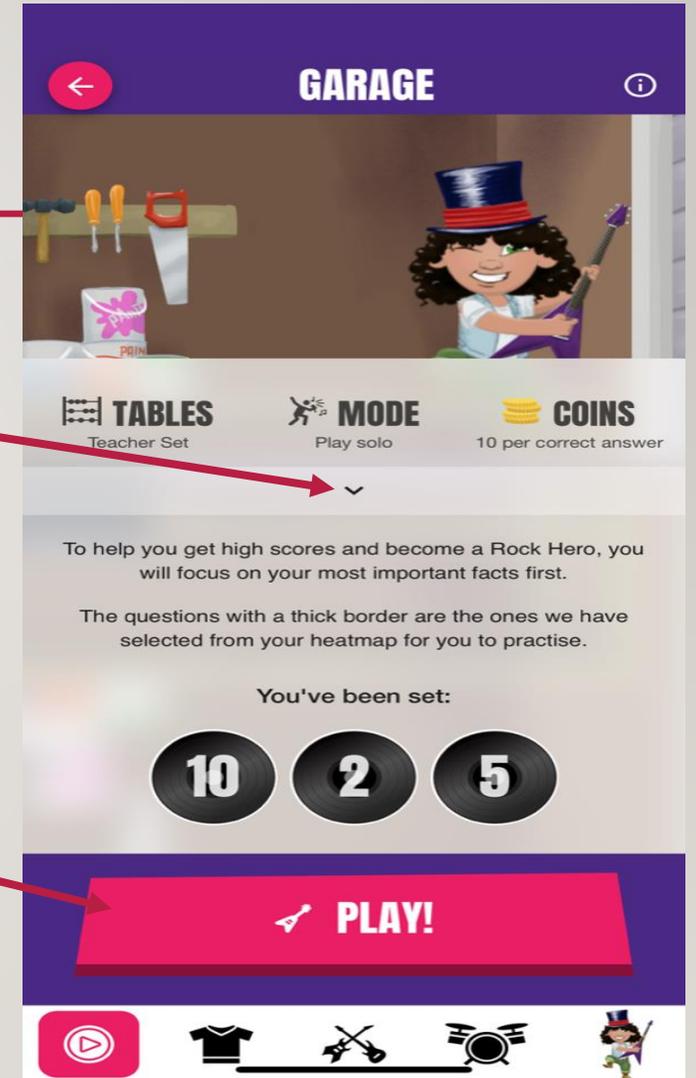

GARAGE

- On the game home, select Garage.
- These questions focus on the times tables which have been set for your child
- The scores will then go on your child's heatmap to see which questions they are confident with/need further support with

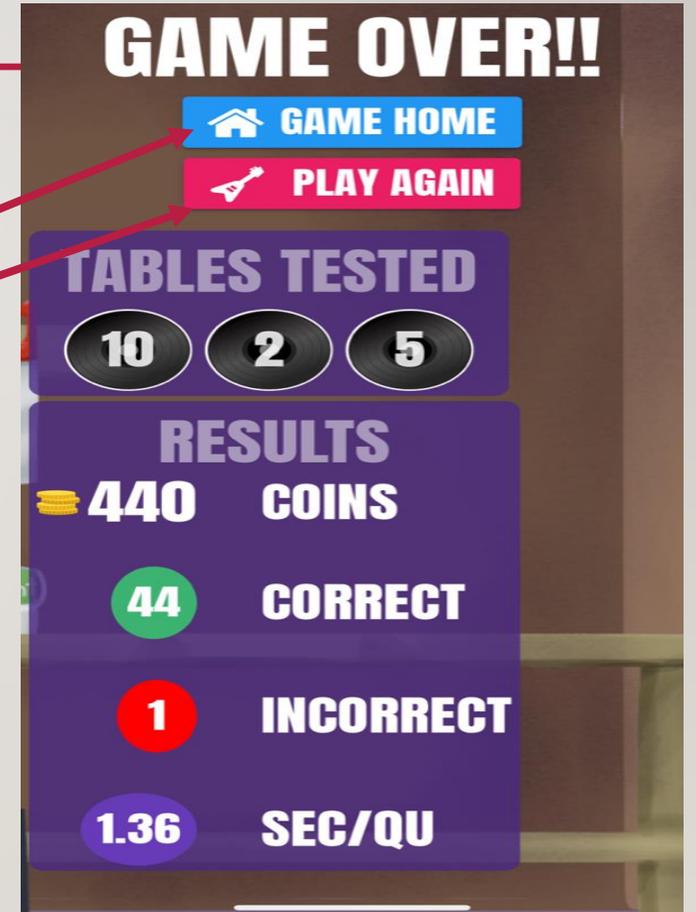

GARAGE

- If you press the arrow button it will allow you to choose if you play for 1 minute, 2 minute or 3 minutes
- These questions are a mix of multiplication and division questions
- When you are ready, press play

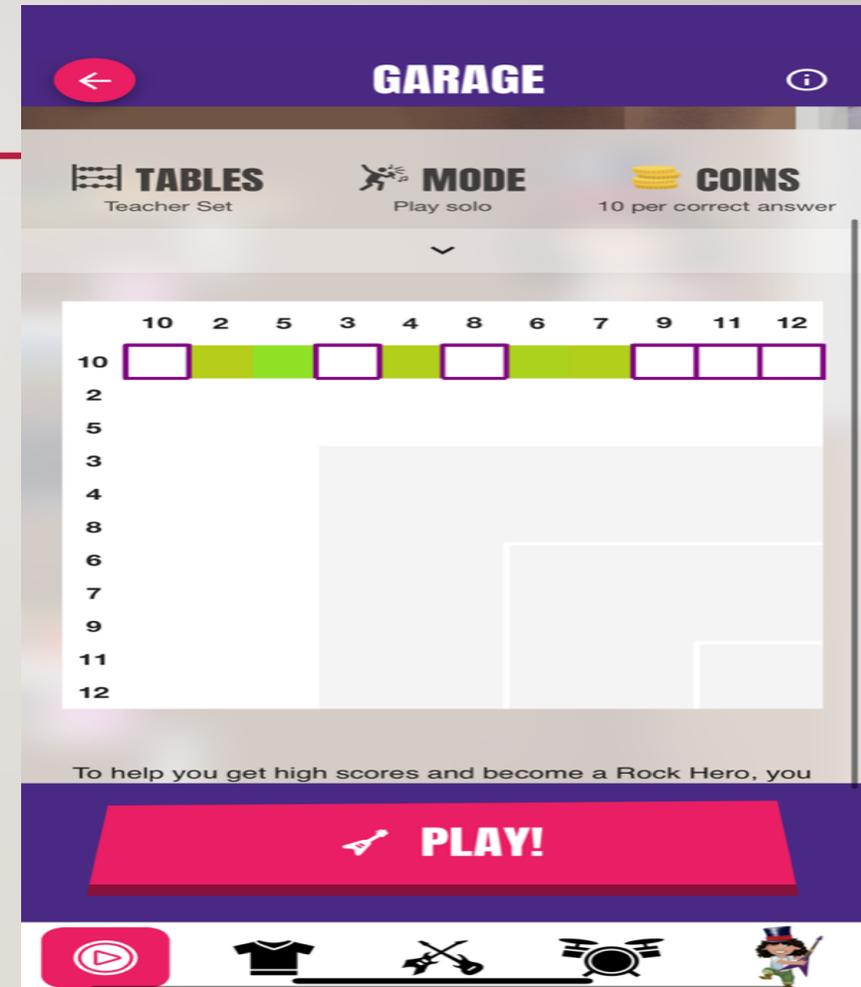

GARAGE

- Once you've completed the Garage questions it will generate a heat map for the next time you play
- Press "Game Home" to go back to the game menu
- Press "Play Again" to replay the garage game

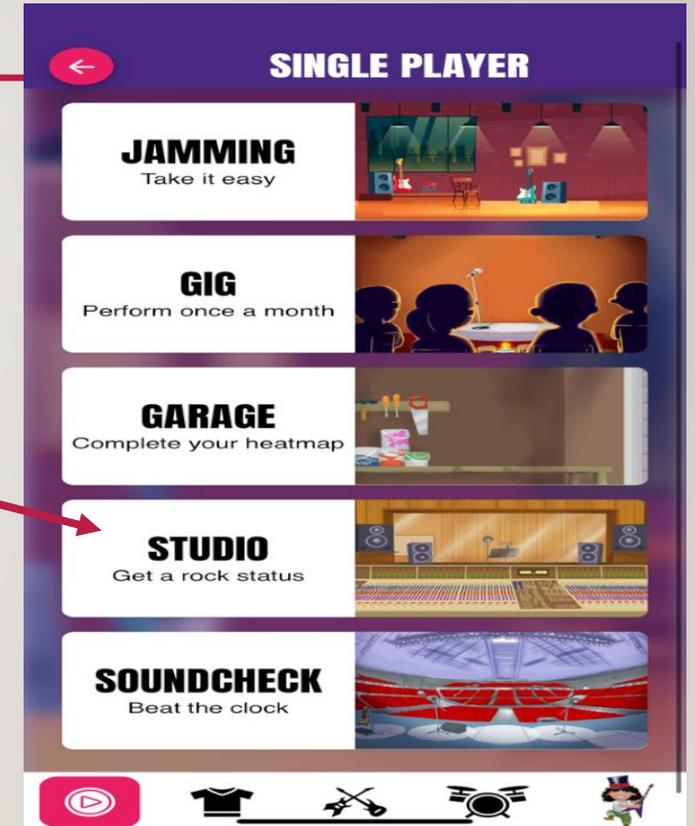

GARAGE

- The heatmap shows you which questions your child is confident with and which they need additional practise with
- If you scroll down on this page it will give you a colour chart to support understanding the heatmap

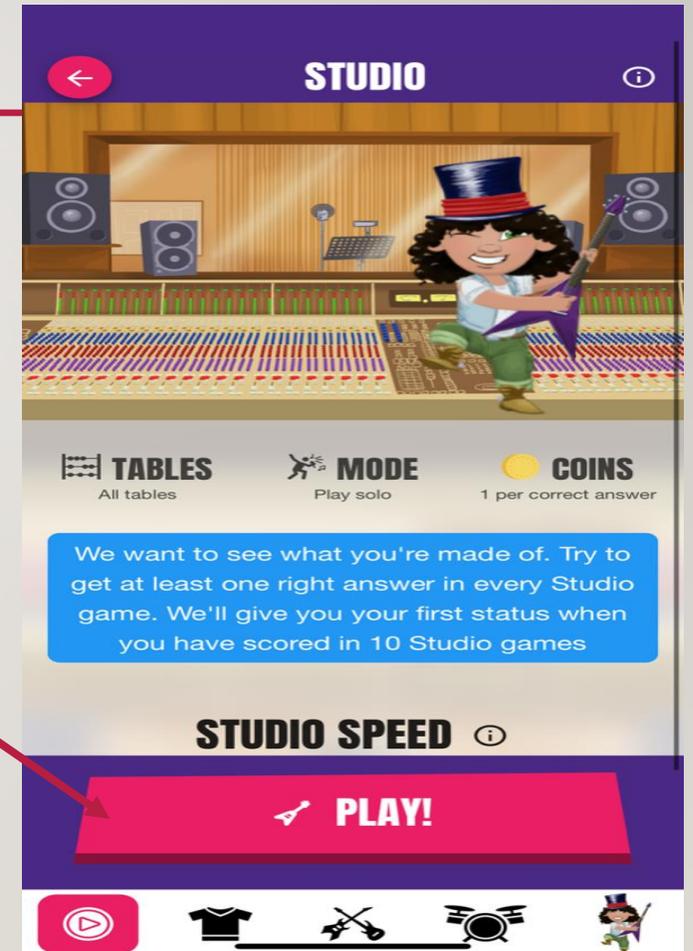

STUDIO

- Select Studio
- On Studio it is a test for all times tables
 - This is recommended for children in Year 4 onwards

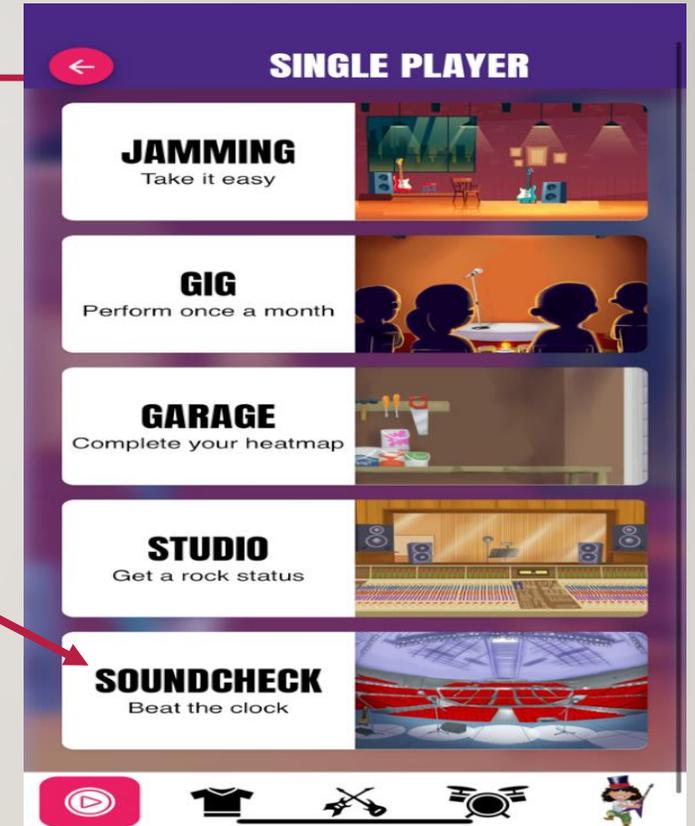

STUDIO
