

## Miss Minor

## Who am I?

Hello! I am Miss Minor. I am the Headteacher here at St James Primary Academy. Before coming here, I was a Deputy Headteacher at a primary school in Bradford and was a part of the Senior Leadership team there for the last 8 and a bit years!

I have 2 children, both girls, Sophie, who is 5 and Olivia, who is 2. They keep me very busy at home, but I do get to play lots of games with them at home. One of their favourites is hide and seek!

## Likes and interests

I love going on holiday to countries that I haven't been to before, and I especially like to try the foods in other countries!

I like to go to new places closer to home too, and love going to the seaside with my fiancé and 2 girls. We especially like to play on the sand, building sandcastles and burying our feet!

When I can, I practice yoga and I like to do exercise to keep fit.

I like going out to eat, especially as I'm not a very good cook. I like most foods, but Thai food is my favourite. And I love a good cup of coffee with a piece of cake!

## What learning you will do next year

Next year I am looking forward to learning all about Crigglestone St James, learning about all the children here, the families, the community and the staff who work hard in school.

As a school, we have planned a recovery curriculum for all children, helping them when they return full time in September. There will be lots of opportunities for children to talk, share their emotions and rebuild relationships that have been affected due to the pandemic. I want children to feel happy and safe here at St James, and know that there are people here who will always listen to them.

## Additional comments

I am looking forward to meeting and getting to know all the children who come to St James. I started here in April, right in the middle of lockdown and, although I haven't met everyone yet, the children who I have met have been very warm and friendly. I'm excited to seeing St James as a whole family again!
